CFS Apprentice Team Meeting

We are delighted to share highlights from our recent quarterly Apprentice Team Meeting and Team Building event, which was a resounding success.

This event provided an invaluable opportunity for us to come together, discuss improvements.

Team Building Event

After our productive meeting, we headed to Omescapes VR gaming experience in central London. Here, we split into three teams and dived into an exhilarating zombie apocalypse scenario.

The experience required us to operate tactically and collaboratively, reinforcing the importance of teamwork and communication in high-pressure situations.

This event not only provided a fun and engaging way to unwind but also allowed us to strengthen our bonds and work together in new and exciting ways.
